APPENDIX C: PERFORMANCE PAY PROGRESSION - LEADERSHIP

To achieve progression on the Leadership Pay Scale, individuals must have demonstrated sustained high quality performance. In making judgements against this criterion and in determining whether there should be progression, consideration will be given to whether the individual has grown professionally by developing their leadership; and (where relevant), teaching, expertise.

In considering whether there has been professional growth, the following description of a person on the leadership scale will be considered:

- Those on the leadership spine play a critical role in the life of the academy/Trust.
- They inspire those around them and work with others to create a shared strategic vision which motivates pupils and staff.
- They take a lead in enhancing standards of teaching and learning and value enthusiasm and innovation in others
- They have confidence and ability to make management and organisational decisions and ensure equity, access and entitlement to learning.

To achieve progression (and for the above to be satisfied), there will need to have been a successful performance management review.

A successful performance management review involves a process of:-

- a. Performance Management objectives, linked to school improvement priorities, pupils outcomes raising levels of achievement and attainment, leaderships and management skills and competencies, personal development ;
- b. Performance against the teaching standards including observed practice;
- c. Performance against any other relevant Standards (eg the Headteacher Standards)
- d. Other evidence, including of professional development/growth.

Note: It is expected that a teacher's performance objectives will define what needs to be achieved to demonstrate that the individual has grown professionally by developing their leadership and (where relevant) teaching expertise.

Upper Pay Range criteria

An application will be successful, if the headteacher and the Pay Committee are satisfied that:

- the teacher is highly competent in all elements of the teaching standards; and,
- the teacher's achievements and contribution to the school are substantial and sustained.

In this school, this means that the teacher has consistently

- demonstrated that they meet all teaching standards, both in terms of teaching and personal and professional conduct, over a sustained period:
- been assessed as meeting their performance management objectives over a sustained period;

and in addition that;

- teaching has been rated as good overall, with some outstanding, over a sustained period;
- the teacher has demonstrated over a sustained period an ability to support some pupils to exceed expected levels of progress/achievement;
- the teacher has consistently taken responsibility for identifying and meeting their own professional development needs and used their learning to improve their own practice and pupils' learning;
- the teacher has demonstrated that they have made an impact on the school beyond their own class/group(s) over a sustained period. This may include
 - demonstrating an ability to coach, mentor, advise and demonstrate best practice to, other teachers to enable them to improve their teaching practice;
 - contributing to policy and practice which has improved teaching and learning across the school;

Sustained means maintained continuously over a period of at least 3 school years (a year being defined as at least 26 weeks work in any academic year). It is normally expected that this will include at least one year at this school, although discretion will be exercised where there is clear and compelling evidence of consistent performance against the criteria at the teacher's previous school.

NB Only 2 years' worth of evidence will be required from teachers who are on the equivalent of old points M4, M5 or M6 on 1 September 2013, so that they are not disadvantaged in comparison to the previous Threshold criteria.

The school will exercise its discretion to consider performance over a lesser period where a teacher has been absent for some of the relevant period.
